COMPANY INTRODUCTION

STARCO
Fire Protection Engineers

INTRODUCTION

STARCO Fire & Safety Equipment's Trading, Contracting and Service Company Established in 2013, that provides Fire Fighting Equipment's, Fire Protection System, Fire Alarm, Security System and Safety Engineering under one roof. For the past years we had executed different types of projects from the Design stage up to Commissioning and Handling Over to the Client. Our diverse range of products and services enable **STARCO** to meet stringent fire and security requirements of our valued and satisfied customers.

STARCO is a company committed to continuous improvement to ensure we always deliver the highest standards of service. Engineering, Designs, Sales and Marketing and all its administrative departments and labors have a mission to ensure superiority and distinction in our products and services and thus guarantee customer satisfaction. Team of professional engineers and technical specialized in maintenance of all Fire Alarm, Fire Pumps and Extinguishing System as per NFPA, and the client's requirements.

Economic growth throughout the world this century has brought new industrial technology, increased competition and hazardous working environments. This in turn has resulted in tighter regulations and new worldwide legislation being brought into force to protect lives, environment and property. The objective of **STARCO** is to recommend, provide and maintain optimal solution for all Fire and Security risks and to empower costumer to secure life, property and business by delivering high quality and innovative fire protection solutions and knowledge.

We at **STARCO** take pride in our reputation, technical expertise and business excellence. We are proud to be associated with some of the leading companies in the region and to have provided totally integrated fire & security solutions to some of the most prestigious or important developments in UAE over the years.

THE TEAM

We highly trained and efficient personnel to carry out the jobs most expeditiously and economically. Training and development are keys to our success and we ensure all our employees are provided with regular training in areas such as new technology, health and safety, we also ensure all our employees have to opportunity to develop their careers with the business, as well as attracting some of the brightest and best talent from elsewhere, we are able to carry the works from Mechanical and Electrical under our family team **STARCO**.

OUR MISSION

STARCO mission is to be the one contact solution anytime meet the needs of our customers. Our mission To protect and conserve lives and properties from the danger of fire, to be known for reliability, flexibility responsiveness, products and services and to crave a clear path towards costumers' satisfaction, and we offer Fire & Safety to meet the regulation of the Civil Defense Authorities in Abu Dhabi and all-over United Arab Emirates. Then, growth and financial success will naturally follow.

FIRE PREVENTIVE MAINTENANCE

We are licensed to provide fire prevention maintenance at regular interval full method statements and risk assessments prior to arrival on site.

As part of our fire preventive maintenance package, we test fire alarms, fire fighting and suppression systems as per rules and regulations of local civil defense, EHS and international standards of NFPA. Problems are identified before faults, ensuring peace of mind that comes from a fire system operating to your satisfaction. A certificate of testing is issued on completion of the work.

WE OFFER MAINTENANCE OF:

- All types of intelligent analogue addressable and soft addressing fire alarm systems.
- All type of conventional fire alarm systems
- Fire Hose Reels & Cabinets
- Fire rated doors and frames
- All gaseous suppression systems like CO2, FM200, INERGEN, Argon systems
- Dry and wet type sprinkler systems
- Hose Reels, Wet and dry risers
- Water spray systems, foam systems and wet chemical suppression systems
- Fire Fighting Pumps
- Testing and refilling fire extinguishers

CONTRACTING CAPABILITIES

PROJECT MANAGER

A Project Manager is appointed who has full responsibility for all activities from the time of order award through to installation, commissioning at site and to the end of the guarantee period.

PLANNING

Where appropriate and practical, project personnel shall interface with the estimating personnel to establish awareness of the scope of work. Project personnel shall ensure to report back to the concerned departments about problem with existing procedures on current projects and in previous projects. This will provide an important feedback loop for project planning and additionally help to ensure that all parties concerned are committed to the scope of work awarded. **STARCO** uses MS Project, MS Office and CAD Viewer software's to carry out its Planning processes and procedures.

QUALITY ASSURANCE/ QUALITY CONTROL

Our quality system matches the customer's requirements, our ethics responsibilities, and our commitment to professionalism demand of a high level of quality for our products and services.

INSTALLATION AND COMMISSIONING

STARCO Fire Protection Engineers LLC offers:

- ◇ Design
- ◇ Supply
- ◇ Site Installation
- ◇ Site supervision
- ◇ Own Labor Force
- ◇ Full On – Site Commissioning
- ◇ Piping
- ◇ Testing & Commissioning
- ◇ Maintenance Contracts

Design Capabilities

STARCO Fire Protection Engineers LLC has the capability to use client requirements and specifications as a basis to carry out full design and procedure details working drawing.

Certification

STARCO Fire Protection Engineers products are certified by Civil Defense, Kite mark, UL & FM Listed, LPCB Mark & Wheel Mark Approved.

Values

We always work on improving our products with sophisticated technology to protect lives by;

- Keeping away from risk – Fire Protection
- Warning them of the risk – Fire Alarm
- Rescue them – Fire Fighting

SERVICES PROVIDED

Performance of planned preventive maintenance services in line with Manufacturer's recommendations and NFPA standard inclusive of:

- ◇ Weekly, monthly, quarterly, semi- annual testing, service and inspection
- ◇ Full-time site management
- ◇ System service and inspection
- ◇ Emergency call –out
- ◇ Modification and extensions
- ◇ Refilling of portable Fire Extinguishers as well as Gas-based Fire
- ◇ Suppression Systems Training services for all systems under
- ◇ solutions and services portfolio
- ◇ Spares and refurbishment

ENGINEERING PROFILE

STARCO Engineering Department is well qualified and equipped with the design codes such as Abu Dhabi Civil Defense Code Regulation, NFPA.

The Department is fully controlled and organized by experienced Engineer devoted in the field of Fire Protection. Moreover, the design teams are using the latest drawing tools & software including AutoCAD to enhance design accuracy.

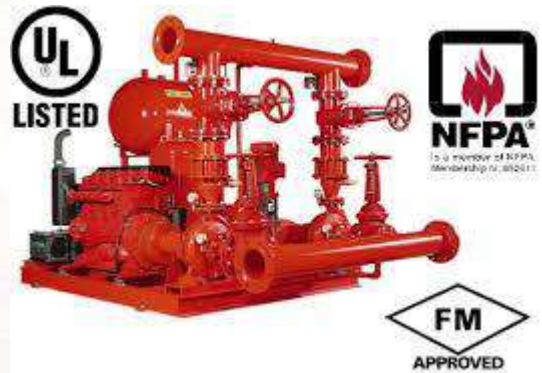

We guarantee to that the Engineering of Starco will obtain the best result to persuade the costumer obligation.

NATURE OF BUSINESS

STARCO provides all types of Fire Protection System Equipment's such as:

FIRE FIGHTING PUMPS

- ◇ End Suction Centrifugal Pumps
- ◇ Horizontal Split Case Pumps
- ◇ Vertical Turbine Pumps

DRY & WET STANDARD PIPE SYSTEM

- ◇ Fire Hose Reel Cabinet (Single Type)
- ◇ Fire Hose Reel Cabinet with space for 2 Extinguisher (Double Type)
- ◇ Fire Extinguisher Cabinet (for 1 Extinguisher & for 2 Extinguisher Capacity)
- ◇ Landing Valve Cabinet
- ◇ Breaching Inlet Valve Cabinet
- ◇ Fire Hydrant Cabinet
- ◇ Fire Hose Reel
- ◇ Fire Hose for landing Valve ◇ Landing Valve
- ◇ Nozzles

FIRE EXTINGUISHER

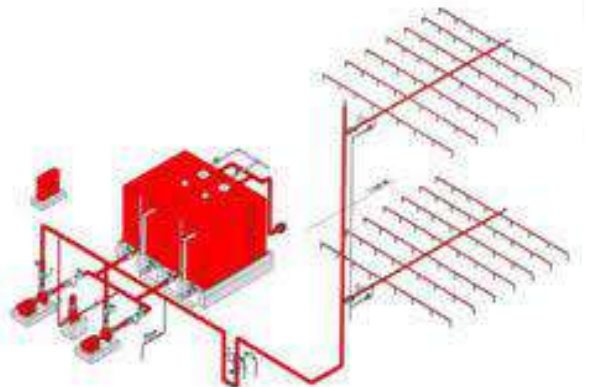

(Portable & Trolley Type)

- ♦ Dry Chemical Powder
- ♦ Carbon dioxide Foam extinguisher
- ♦ Water Extinguisher
- ♦ Wet Chemical Extinguisher
- ♦ Automatic Dry Powder Extinguisher

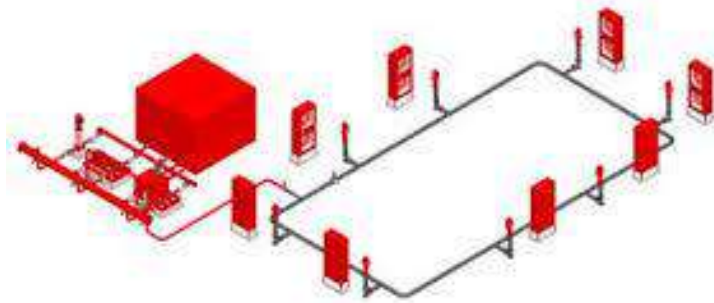

SPRINKLER SYSTEM

- ♦ Upright Sprinkler – Standard Response or Quick Response
- ♦ Concealed Sprinkler - Standard Response or Quick Response
- ♦ Recessed pendent Sprinkler - Standard Response or Quick Response
- ♦ Horizontal Side Wall Sprinkler - Standard Response or Quick Response

FIRE HYDRANTS

- ◇ DRY PILLAR HYDRANTS
- ◇ WET TYPE FIRE HYDRANTS

VALVES

- ◇ DELUGE VALVES
- ◇ WET ALARM VALVES
- ◇ BUTTERFLY VALVES
- ◇ GATE VALVES
- ◇ CHECK VALVE
- ◇ ZONE ASSEMBLY

FIRE SUPPRESSION SYSTEM

- ◇ HFC 227 FM 200 Clean Agent System
- ◇ Foam system
- ◇ Carbon Dioxide System
- ◇ Deluge Valve
- ◇ Water Spray System
- ◇ Wet Chemical System
- ◇ Gas Detection System
- ◇ Warning Sign
- ◇ FM-200 Gas Factory Filled

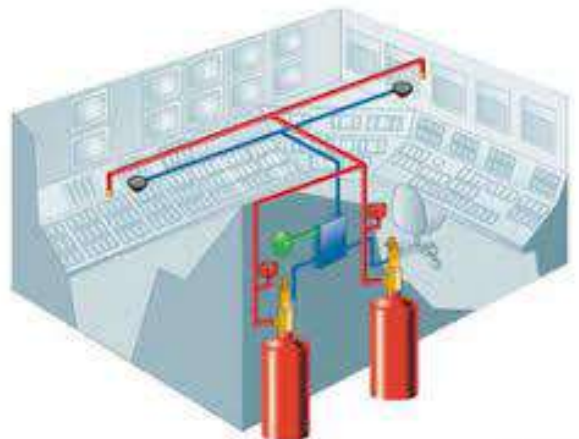

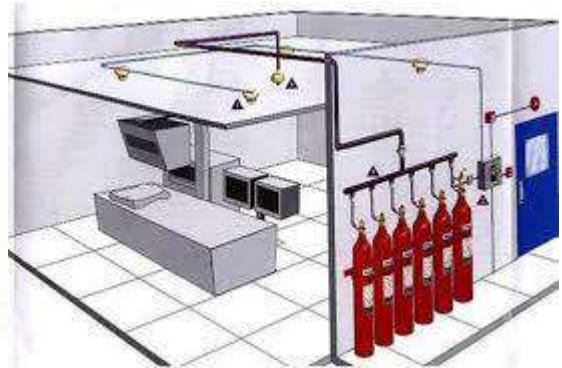

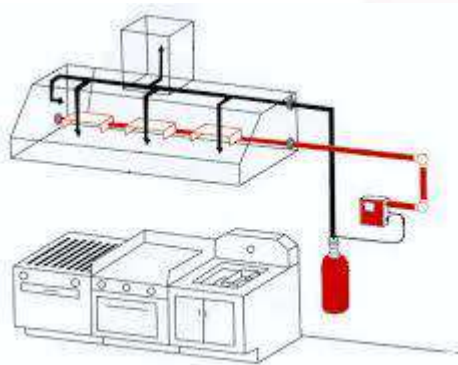

Photo courtesy of K&K

FIRE ALARM SYSTEM

- ◇ Conventional & Addressable System
- ◇ Fire Alarm Control Panel
- ◇ Optical Smoke Detector
- ◇ Optical Heat Detector
- ◇ Beam Detector
- ◇ Fire alarm Repeater Panel
- ◇ Fire Telephone Jack
- ◇ Ceiling & Wall Mounted Speaker
- ◇ VESDA System

SIGNALING

EMERGENCY LIGHT

- ◇ Self Contained System
- ◇ Central Monitored System
- ◇ Central Battery System

The diverse range of solutions and services in our portfolio enable us to keep up with the ever – changing demands of the various markets we serve. Our product suppliers maintain research and development programs at major research center to ensure that STARCO Fire & Safety Equipment's trading stays at the forefront of technology.

Thank you and assuring our best services all the times.

ORGANIZATION CHART & ENGINEERS CURRICULUM VITAE

Organization Chart

Hussein Jheir

Email: hussein@starcofire.com

Mobile no.: +971506260967

Project Manager

Employment Experience: 15 years total experience in the field of Fire Fighting and Fire Alarm Protection Systems, as per local authorities and international Codes NFPA.

Key Skills Duties

- Can understand taking a risk-based approach to fire engineering matters in accordance with AUH Authorities and NFPA
- Willing to learn new approaches to help provide engineering solutions for new build plans at the design stage.
- Excellent skills working with equipment designed for fire detection, fire suppression and fire control.

Work Experience

STARCO FIRE PROTECTION ENGINEERS L.L.C., ABU DHABI, UAE
Project Manager (August 2013, till present)

- Responsible for installing and maintaining fire detection and suppression devices and fixtures.
- Making sure all clients comply with their obligations under health and safety law.
- Providing written and computerized reports for senior managers and mentoring junior members of the team.
- Responsible for ensuring all works undertaken had been compliant with the Regulatory Reform (Fire Safety) UAE Code.
- Planned inspections and liaised with customers to arrange convenient appointment times.
- Advised on the appropriate level of actions needed to generate the best balance between preventive and protective measures.
- Review and understand the contract documents.
- Review and understand the scope of work along with the specification requirements.
- Work hand-in-hand with the design manager and designers during the coordination/design stage.
- Attend coordination meetings with design.
- Review and release project materials from the design team through our in-house purchasing agent.
- Work hand-in-hand with the Superintendent/Foreman for material procurement.

- Attend on-site construction meetings.
- Communicate with Superintendent/Foreman with any installation/material issues.
- Track project schedule for contract compliance.
- Put together schedule of values for billing.
- Track material costs, labor costs, equipment costs, etc.

SOS International Mechanical Equipment L.L.C Abu Dhabi
Mechanical Engineer (March 2009, May 2013)

- Obtain material, equipment and subcontract pricing.
- Prepare Requests for Information, Change Order Requests, and Operation & Maintenance Manuals.
- Prepare and update project schedules.
- Work with salesmen, designers and administrative staff.
- Prepare material and drawings submittals for Architect and/or AHJ review.
- Prepare monthly Project Forecast to Complete estimates.
- Perform field surveys.
- Attend project specific & company meetings.
- Lists all material for fabrication and purchase.
- Provide shop drawing to field for installation.
- Perform PM to Field turnover meetings.

NAFFCO

General Engineer (May 2003, Feb 2009)

- Responsible for project assigned
- Ability to manage installation fitters and helpers at job site
- Self motivator with no supervision required
- Ability to interpret blue prints and architectural drawings
- Responsible for installation of wet, cpvc, and steel systems in residential and commercial buildings
- Ability to climb ladders, operate high lift equipment, and carry and move material
- Display professional appearance
- Knowledgeable with NFPA 13 and all codes
- Must maintain appropriate documentation for the work performed
- Ability to interact and communicate in a professional and positive manner with other trades, customers, project managers, county officials, general contractors, etc

OBJECTIVE

PROFESSIONAL PROFILE

ELECTRICAL ENGINEER with 7 Years of experience in FIRE PROTECTION MAINTANENCE & EXECUTION. Proven ability of Execution & Maintain the FIRE ALARM (ADDRESSABLE, CONVENTIONAL SYSTEM, VESDA SYSTEM, INTRUDER ALARM SYSTEM, EXPLOSION PRROF DETECTORS etc.) & FIRE FIGHTING (FIRE PUMP, SPRINKLER SYSTEM, FHR SYSTEM, FIRE HYDRANT SYSTEM, FIRE EXTINGUISHER SYSTEM, and FM 200 SYSTEM, NOVEC SYSTEM, DELUGE SYSTEM etc.) Systems for 400 kV substations and all type of Commercial and Residential Buildings. Having good knowledge about AUTO CAD, NFPA Standards which helps to short out the problems, implementing it takes the work in efficient manner. And also have approved Engineer from Abu Dhabi Civil Defense for Fire Alarm & Emergency Exit Light.

WORK EXPERIENCE: -

Organization : **STARCO FIRE PROTECTION ENGINEERS LLC**
Abu Dhabi, UAE

Designation : **Electrical Engineer**
Duration : **July 2018 to Present**

IOB RESPONSIBILITIES

- Checking & Preparing of FPS System Design drawings as per the Civil Defense Requirement.
- Installation & Maintenance of FPS System
- Installation & Maintenance the Fire Alarm System
- Installation & Maintenance the Fire Fighting System
- Coordinating All Electrical Conduits & Cable
- Coordinating the AC Ducts
- Coordinating the Ceiling layout (Lightings, etc.)
- Coordinating the Power Layouts (Sockets, etc.)
- Cost Control & Project Estimation
- Ensuring the contractor(s) are complying with the standards and specifications of the contract documents through observation, measurements, and testing as well as tracking quality assurance progress.
- Annual Maintenance for Fire Alarm System
- Meeting attend with Client
- Meeting attended with Civil Defense for Drawing Approval
- Manage the People at the Site during the Installation time.

- Preparing the Bill of Quantity (BOQ) with the Shop drawings for the projects.
- Coordinate the Daily Process Report as per site activities.
- Co-coordinating with consultant / client for queries, site modification etc.
- Responsible for preparation of Co-ordinate services layout, schematic diagram, Sections/ Details & as built Drawings, preliminary drawings for all type of Commercial and Residential Buildings etc.
- Paper works & Handover the Project
- Maintaining records of the contractor manpower and equipment daily resources

Organization : ALHADIF SAFETY & PROTECTION

Abu Dhabi, U.A.E.

Designation : PROJECT ENGINEER – FPS

Duration : July 2016 to July 2018

JOB RESPONSIBILITIES

- Checking & Preparing of FPS System Design drawings as per the Civil Defense Requirement.
- Installation & Maintenance of FPS System
- Installation & Maintenance the Fire Alarm System
- Installation & Maintenance the Fire Fighting System
- Coordinating All Electrical Conduits & Cable
- Coordinating the AC Ducts
- Coordinating the Ceiling layout (Lightings, etc.)
- Coordinating the Power Layouts (Sockets, etc.)
- Cost Control & Project Estimation
- Ensuring the contractor(s) are complying with the standards and specifications of the contract documents through observation, measurements, and testing as well as tracking quality assurance progress.
- Annual Maintenance for Fire Alarm System
- Meeting attend with Client
- Meeting attended with Civil Defense for Drawing Approval
- Manage the People at the Site during the Installation time.
- Preparing the Bill of Quantity (BOQ) with the Shop drawings for the projects.
- Coordinate the Daily Process Report as per site activities.
- Co-coordinating with consultant / client for queries, site modification etc.
- Responsible for preparation of Co-ordinate services layout, schematic diagram, Sections/ Details & as built Drawings, preliminary drawings for all type of Commercial and Residential Buildings etc.
- Paper works & Handover the Project
- Maintaining records of the contractor manpower and equipment daily resources

Organization : ENSEMBLON HOME AUTOMATION PVT LTD

Banglore, India

Designation : ELECTRICAL ENGINEER – ELV SYSTEM

Duration : 1 Year

JOB RESPONSIBILITIES

- Checking & Preparing of ELV System Design drawings
- Installation & Maintenance of ELV System
- Installation & Maintenance the Fire Alarm System
- Installation & Maintenance the Fire Fighting System
- Coordinating All Electrical Conduits & Cable
- Coordinating the AC Ducts
- Coordinating the Ceiling layout (Lightings, etc.)
- Coordinating the Power Layouts (Sockets, etc.)
- Cost Control & Project Estimation
- Ensuring the contractor(s) are complying with the standards and specifications of the contract documents through observation, measurements, and testing as well as tracking quality assurance progress.
- Annual Maintenance for Fire Alarm System
- Meeting attend with Client
- Meeting attended with Civil Defense for Drawing Approval
- Manage the People at the Site during the Installation time.
- Preparing the Bill of Quantity (BOQ) with the Shop drawings for the projects.
- Coordinate the Daily Process Report as per site activities.
- Co-coordinating with consultant / client for queries, site modification etc.
- Responsible for preparation of Co-ordinate services layout, schematic diagram, Sections/ Details & as built Drawings, preliminary drawings for all type of Commercial and Residential Buildings etc.
- Paper works & Handover the Project
- Maintaining records of the contractor manpower and equipment daily resources

PROJECT EXPERIENCE (ON SITE)

- Residential Villa 30 Nos @ Whild Field, Banglore
- Residential House Building @ Shoba City, Kerala
- Phoenix Office Building @ Banglore
- Phoenix Residential Building @ Banglore

Organization : NL SAFETY & SECURITY DEVICES & EQUIPMENT INSTALLATION L.L.C

Abu Dhabi, U.A.E.

Designation : GENERAL ELECTRICAL ENGINEER.

Duration : 2 Years

JOB RESPONSIBILITIES

- Checking & Preparing of FPS System Design drawings as per the Civil Defense Requirement.
- Installation & Maintenance of FPS System
- Installation & Maintenance the Fire Alarm System
- Installation & Maintenance the Fire Fighting System
- Coordinating All Electrical Conduits & Cable
- Coordinating the AC Ducts
- Coordinating the Ceiling layout (Lightings, etc)
- Coordinating the Power Layouts (Sockets, etc)

- Paper works & Handover the Project
- Maintaining records of the contractor manpower and equipment daily resources

Organization : MEPAX ENGINEERING PVT LTD Bangalore, India (ETA Engineering)

Designation : GRADUATE ENGINEERING TRAINEE

Designation : 1 Year 6 Months

JOB RESPONSIBILITIES

- Responsible for achieving monthly target and increasing productivity.
- Preparing Fire Alarm Design drawings as per the Civil Defense Requirement.
- Preparing Electrical Lighting Design drawings as per the Civil Defense Requirement.
- Preparing Emergency & Exit Light Design drawings as per the Civil Defense Requirement.
- Preparing Electrical Design drawings.
- Preparing the Bill of Quantity (BOQ) with the Shop drawings for the projects.
- Preparing the calculation of Transformer and UPS selection.
- Responsible for preparation of Co-ordinate services layout, schematic diagram, Sections/ Details & as built Drawings, preliminary drawings for all type of Commercial and Residential Buildings etc.
- Preparation of ELV shop drawings such as CCTV, Access control system, Public address system, ICT and BMS (Building Management System drawings

PROJECT DRAWING EXPERIENCE

- ❖ Danwer, Qatar.
- ❖ Sidra village staffing, Qatar.
- ❖ Lulu airport, Kerala.
- ❖ New technology center, Bangalore.
- ❖ Hilton Riyadh hotel & apartment, Saudi.
- ❖ King Abdullah foundation project, Saudi.
- ❖ Doha land, Qatar.

Employment Experience: 8 years total experience

STARCO FIRE PROTECTION ENGINEERS L.L.C., ABU DHABI UAE

Mechanical Engineer (July 2018 – Present)

Responsibilities

- Planning, Designing and estimation of fire alarm and firefighting system according to NFPA and Civil Defense.
- Getting the Shop Drawing Approval From Third Party (Profire Safety Consultants) .
- Getting the Shop Drawing Approval from Civil Defense.
- Meetings with Consultants, Contractors and Clients.
- Making Quotations, LPOs and arranging all materials for site installations.
- Management and Installation of complete fire alarm system and fire fighting
Completing the site in given time.

AL WASL SAFETY & SECURITY SYSTEMS AL AIN, UAE

Mechanical Engineer (21th Oct, 2014 – Till the Date)

Responsibilities

- Planning, Designing and estimation of fire alarm and firefighting system according to NFPA and Civil Defense.
- Getting the Shop Drawing Approval From Third Party (Profire Safety Consultants) .
- Getting the Shop Drawing Approval from Civil Defense.
- Meetings with Consultants, Contractors and Clients.
- Making Quotations, LPOs and arranging all materials for site installations.
- Management and Installation of complete fire alarm system and fire fighting
Completing the site in given time.

Mechanical Engineers Council of Associated Suppliers (MECAS), Pakistan

Production Engineer (1st July 2011 – 30 September 2014)

- Production planning and control of all local and export parts.
- Scheduling of all machines and utilization analysis.
- Selection of appropriate tools and inserts during manufacturing development of the parts.
- Supervision of Coordinate measuring machine (CMM).
- Monitoring the project health by critically analyzing project reports on weekly and monthly basis and raise flags in case of slippages from schedule and low productivity
- Monitoring the deployment of Manpower and Equipment resources with budget comparison.
- Analyzing the Project Health by developing the Financial Comparison on monthly basis.
- Implementing the EVA (Earn Value Analysis) technique to monitor SV (Schedule Variance) and CV (Cost Variance).
- Preparation of Executive Summary Reports and Master Summary Sheets of the running Projects for the Top Management.
- To Ensure complete implementation of Project Monitoring Systems on Sites for Integrated control.
- Become thoroughly familiar with scope of work, all relevant contractual documents, Budget, WBS and OBS etc.
- Inform of the progress, work priorities and anticipated delays; Prepare critical path analysis; and to suggest timely corrective action/revisit execution strategy in consultation with execution team for achieving project objectives.
- Identify and monitor allocation of key resources; manpower, equipment and material.
- Based on 3 months look ahead plan.

- Reporting progress in project review meetings.
- Own and complies with Company's policies addressed in Management Manual, QHSE, core & operating values.

Achievements:

Passed the following exam from Abu Dhabi Civil Defense.

■ Standpipe	(NFPA14-2013,UAE CODE 2011)
■ Fire Pump	(NFPA20-2013,UAE CODE 2011)
■ Sprinkler	(NFPA13-2013,UAE CODE 2011)
■ Water Spray System	(NFPA15-2012,UAE CODE 2011)
■ Foam Spray System	(NFPA16-2013,UAE CODE 2011)
■ Water Mist System	(NFPA750-2010,UAE CODE 2011)
■ Fire hydrant	(NFPA24-2013,UAE CODE 2011)
■ Fire Extinguisher	(NFPA10-2013,UAE CODE 2011)
■ Clean Agent System	(NFPA2001-2012,UAE CODE 2011)
■ Kitchen hood System	(NFPA17A-2013,UAE CODE 2011)

Semester Project:

- Counting of Products moving on conveyor belt Using LEDs, LRDs and Count Meter.
- Presented Case Study on AGILE MANUFACTURING.
- Presented case study on Marketing Management.

Skills

- Motivated individual willing to learn new technologies and processes
 - Able to work with and maintain relations with staff and clients on all levels
 - Works effectively independently or as part of a team
-

NAQASH AKHTAR

Total Experience as Mechanical Engineer 5 years

EXPERIENCE:

Sr#	ORGANIZATION NAME	DESIGNATION	YEAR
1.	Starco Fire Protection Engineers LLC	Mechanical Engineer	2017-Present
2.	Al Hadif Safety and Protection (Abu Dhabi)	Mechanical Engineer	2016-2017
3.	Marina for Fire and Equipment Services L.L.C (Abu Dhabi)	Mechanical Engineer	2014-2016

RESPONSIBILITIES AND JOB DESCRIPTION

- ✓ Organized Reporting to service/project Manager
- ✓ Complete the project at a proper time
- ✓ Check the site work and make inspection
- ✓ Report the manager about the site work and daily task
- ✓ Planning with the manager for the project and material needed
- ✓ Always Start the job at Proper time
- ✓ Checking all the safety requirements of technicians before starting the work at site and service station
- ✓ Always Check the piping of the system after completion of project
- ✓ Handover the Project to client after commissioning
- ✓ Make inspection of revived items, to identify the condition of items revived
- ✓ Mobilize the items to service location
- ✓ Carry out the service as per manufacture requirement and as per service checklist

MAIN PROJECTS OF FIRE FIGHTING:

- ✓ Installation of Wet Chemical Fire Suppression System(Fire Fighting System) in Abu Dhabi International Airport Eithaad Terminal.
- ✓ Installation Of Wet Chemical Fire Suppression System In Qasar Al Salam Restaurant Abu Dhabi.
- ✓ Installation Of FM 200 System In Capital Mall Abu Dhabi.
- ✓ Installation Of Fire Pump And Sprinkler System In Phoenix Laundry Abu Dhabi.
- ✓ Installation Of Fire Pump And Sprinkler System In Modern Bakery Abu Dhabi.
- ✓ Installation Of New Fire Fighting System In Al Sham Restaurant Abu Dhabi.
- ✓ Maintenance Of Fire Fighting System In Al Rehmani Warehouse Musaffah Abu Dhabi.
- ✓ Installation Of Fire Fighting And Fire Alarm System In Commercial Shops (Al Sila).

CIVIL DEFENSE CERTIFICATION:

Approved Civil Defense Mechanical Engineer From Directorate Of Civil Defense (ABU DHABI)

Mohammad Imranul Haque

Electrical & Automation Engineer
(UAE Experienced)

Total Experience as Electrical Engineer approved with ADCD Authorities 5 years

Experience

STARCO Fire Protection Engineers L.L.C. Abu Dhabi
(June 2018 – Present)

- Installation of all types of Emergency Lights, Exit Lights, Public addressing & Emergency Voice Evacuation System.
- Installation, Service, Maintenance and Calibration of Fixed gas Detection System.
- Preparing AUTOCAD Drawings for Fire Alarm, Emergency Lights, Exit, Gas Detection System as per the international codes and standards.
- Testing of all the cables laid for Fire alarm, Emergency Lights, Exit Lights, Gas detection system like continuity checking and other related tests before terminating them to their related Panels.
- Service, Inspection and Maintenance of fire pumps.
- Service, Inspection, Maintenance of All Fixed and Portable fire Fighting System.
- Familiar with Safety and International Standards (NFPA & UAE FIRE AND LIFE SAFETY CODE).
- Designing & implementing quality plans / manuals to ensure high quality standards during all the stages of project.
- Carries out inspection of day to day activities and reporting to the department manager.
- Capable of taking the ownership of site activities from site development to the completion and handing over.
- Preparing the method statement, quality control procedures, inspection and test plan.
- Capable of preparing risk assessments and job safety analysis of site activities.
- Working experience in software- AutoCAD- to read drawings and supporting documents for assessing basic estimation related requirements.
- Recommendation preparation for procurement of items.

Marina For Fire Equipment and Safety Services L.L.C. Abu Dhabi
(June 2016 – Present)

- Installations, Programming, Testing, Commissioning and Maintenance of Fire Alarm System for Industrial, Commercial, Domestic and Marine.(Conventional/Addressable)..
- Installation of All types of Emergency Lights, Exit Lights, Public addressing & Emergency voice evacuation system.
- Installations, Service, Maintenance and Calibration of fixed Gas detection system.
- Preparing AUTOCAD Drawings for Fire alarm, Emergency Lights, Exit Lights, Gas detection system as per the International codes and standards.
- Testing of all the cables laid for Fire alarm, Emergency Lights, Exit Lights, Gas detection system like continuity checking and other related tests before terminating them to their related Panels.
- Service, Inspection and Maintenance of fire pumps.

- Service, Inspection, Maintenance of All Fixed and Portable fire Fighting System.
- Familiar with Safety and International Standards (NFPA & UAE FIRE AND LIFE SAFETY CODE).
- Designing & implementing quality plans / manuals to ensure high quality standards during all the stages of project.

- Capable of taking the ownership of site activities from site development to the completion and handing over.
- Preparing the method statement, quality control procedures, inspection and test plan.
- Capable of preparing risk assessments and job safety analysis of site activities.
- Working experience in software- AutoCAD- to read drawings and supporting documents for assessing basic estimation related requirements.
- Recommendation preparation for procurement of items.

Nimit Industrial Engineering, Surat (January 2014 – May 2016)

- Control Panel Designing, Detailed engineering, Instrument list, Input/output list, data sheet preparation, Cable Schedule, JB drawings, Loop drawings.
- Preparation and analysis of P&I Diagrams.
- Logics for Plant process (Ladder Logics, Functional Block Diagram).
- HMI Development for Automation Packages (PLC&DCS).
- Recommendation preparation for procurement of items.
- Erection and commissioning.

Education

- Bachelor in Technology of Electrical and electronics engineering, 2014 from Magadh University with a First class and distinction score of 71.5% (HRD, MOFA and **UAE Embassy Attested**)
- Passed Intermediate in Science from Bihar school examination board, 2010 with First Class 72% score.
- Passed Board examination from Bihar school examination board, 2008 with First Class 69%.

Certification

➤ **CIVIL DEFENSE from Abu Dhabi, UAE.**

MECHANICAL ENGINEER WITH FIRE FIGHTING EXPERIENCE

RAJKUMAR RAMASAMY

✉ : rajkumar14feb@gmail.com

☎ : +971554917004

🏠 : Abu Dhabi, UAE

PROFILE:

- ❖ Completed Bachelor of Mechanical Engineering; Holder of Abu Dhabi Civil Defense and UAE Driving License.
- ❖ Handling new Projects with Fire Fighting System, FM 200 System, Foam Suppression System and All type of Fire Extinguishers.

SKILLS:

- ❖ Project Management, Estimation.
- ❖ Installation of Fire Fighting Pump.
- ❖ Installation of Fire Cabinet System & Landing Valve with Risers.
- ❖ Installation of Sprinkler System
- ❖ Installation of FM 200 & Foam System
- ❖ Planning & Scheduling the Projects
- ❖ Team Working

WORK EXPERIENCE (6 Years):

STARCO FIRE PROTECTION ENGINEERS:

Position : *Mechanical Engineer*
Year : *May 2017 to Present (2 Years- 09 Months)*
Place : *Abu Dhabi*

EVERSAFE FIRE AND SAFETY EQUIPMENTS LLC:

Position : *Mechanical Engineer*
Year : *April 2016 to April 2017 (1 Year)*
Place : *Abu Dhabi*

BYD ELECTRONICS INDIA PRIVATE LIMITED (NOKIA):

Position : *Project Engineer*

SAFETY & QUALITY POLICY

QUALITY POLICY STATEMENT

It is the declared policy of **STARCO Fire Protection Engineers LLC** to provide a highly quality service that consistently satisfaction the expectations and requirements of our customers, to this end we are committed to a philosophy based on customer focus and continual improvement and we will provide the leadership and example required to carry this process throughout the organization as we grow.

We will ensure that all our staff are given the necessary resources and training to ensure that these ambitions are met. We will ensure that the effectiveness of the quality management system is measured on a regular basis through the process of internal audits, analysis of non-conformities, customer and employee satisfaction and management review.

The outcome of these actions will form the basis of plans for the ongoing improvement of the system and subsequent improved services to our customers.

The quality management system detailed in the manual meets the requirements of BS EN, ISO 9001:2015 and describe the organization and procedures necessary to achieve these objectives, this had enables us to achieve the following certificates for Abu Dhabi office.

ISO 9001:2015 Quality Management System

NABIL HEMADEH
Managing Director

HEALTH & SAFETY POLICY STATEMENT

STARCO is committed to safeguarding the health, safety and welfare of its employees as well as the people and property affected by its operations. To reduce risk of accident or injury the company seeks to provide a work environment that, as far as is reasonably practicable, is safe and preserves the health and welfare of those that work within it and those that are affected by its activities.

The company is committed to continuously improve its standard of health and safety throughout its operations. To this end the board provides leadership in health and safety matters by engaging and training the workforce in the achievement of safe and healthy working conditions and promoting best practice as far as is practicable.

The company is committed to providing adequate resources to train, monitor and assess the company's health and safety performance and deliver the objectives set for continuous improvement.

The requirements of this policy are communicated to all employees through the company's heads of department and the Management of health and safety is promoted through consultation and involvement.

The health and safety policy is displayed at all company sites and offices and issued to all new staff joining the company at induction. It is the duty of managers to prevent injury and ill health as far as is practicable and it is the duty of each employee to exercise personal responsibility for their own health, safety and welfare as well as that of other people. Compliance with legal requirements should be adhered to at all times and no breaches should be tolerated.

This policy will be reviewed periodically and amended as necessary to ensure that it remains relevant to the activities of the company and complies with current legislation and best practice. This has enabled us to achieve the following certifications for Abu Dhabi office.

NABIL HEMADEH

Managing Director

FIRE PREVENTIVE MAINTENANCE

MAINTENANCE

CHECKING

INSPECTION

FIRE PREVENTIVE MAINTENANCE

We are licensed to provide fire preventive maintenance at regular intervals with full method statements and risk assessments prior to arrival on site.

As part of our fire preventive maintenance package, we test fire alarms, fire fighting and suppression systems as per rules and regulations of local civil defense, EHS and international standards of NFPA. Problems are identified before faults, ensuring peace of mind that comes from a fire system operating to your satisfaction. A certificate of testing is issued on completion of the work.

WE OFFER MAINTENANCE OF

- All types of Intelligent Analogue Addressable and Soft Addressing Fire Alarm Systems And PAVA system
- Emergency Light System
- All type of Conventional Fire Alarm Systems
- Fire Hose Reels & Cabinets
- All gaseous suppression systems like CO₂, FM200, INERGEN, Argon Systems
- Dry and wet type Sprinkler Systems
- Hose Reels, Wet and Dry Risers
- Water Spray Systems, Foam Systems and Wet Chemical Suppression Systems
- Fire Fighting Pumps
- Testing and Refilling Fire Extinguishers

شهادة استيفاء شروط السلامة الوقائية

صدرت هذه الشهادة استناداً إلى قرار مجلس الوزراء رقم (24) لسنة 2012 م في شأن تنظيم خدمات الدفاع المدني بالنوالة

رقم الأرض :	رقم الرخصة :	ستاركو الهندسية لانتظمة الحرائق لدم م	الاسم التجاري للمنشأة :
31/10/2019	الإمارات العربية المتحدة	محمد خليفة محمد بن ربيع العويد	المالك :
حررت بتاريخ:	صلاحية الشهادة:	الكورنيش - أبو ظبي	العنوان:
28/10/2020 إلى 29/10/2019			

ملاحظات:

- تم تسديد الرسوم بإيصال رقم (2111900208700).
- يجب الالتزام باعتناء عقود الصيانة التورية لأجهزة ومعدات السلامة والوقاية من الحريق من إحدى الشركات المعتمدة.
- أي تعديلات في أنظمة وأجهزة السلامة والوقاية من الحريق أو النشاط يتطلب موافقة مسبقة من الدفاع المدني.
- يجب ربط المبنى بنظام حصنتك لحماية المبنى - رقم التواصل (800333363).
- في حال الإخلال بأي من اشتراطات السلامة الوقائية سيتم مخالطة المنشأة (نمذج المخالفات خلف الشهادة).
- توضع الشهادة في مكان بارز وواضح للعيان.
- مراجعة الدفاع المدني سنوياً للكشف على المبنى.
- يرجى الانتهاء من إجراءات التدريب خلال 60 يوم كحد أقصى وإلا سوف تتعرض المنشأة للمساءلة القانونية وفقاً لقرار مجلس الوزراء رقم 24 لسنة 2012 م.

<input type="checkbox"/> Other/s			

Wiring & Cabling Only.
Testing & Commissioning and system configuration to be done by suppliers

Note:

- 1) This prequalification approval does not absolve the sub-contractor from getting a 'project specific approval' by the project consultant and by ADCE. Whenever a pre-qualified sub-contractor applies for a specific project they should go through the sub-contractor submission process where they should prove resource allocation, financing position and proper engineering staff. The issuing of this certificate does not confer any authority upon the Sub Contractor.
- 2) This certificate is valid for one year from issue date.

MESSAGE

Dear Sir,

With reference to the above mentioned subject and further to your submittal ref.:QAW-M4C-SAF-FS-000001Rev.00, via **TRANSMIT-000040** , the subject submittal has been reviewed by the Consultant and commented as "**Approved as Noted**", with following comments:-

- Subject to site performance and compliance with the project specifications.
- Conditional approval to fire fighting only.

(Technical Review of Consultant)

The Client reserves his right for any cost saving resulting from any deviation from any contract specification and related contract documents until issuance of the Preliminary Handing over (PHO).

This is for your information and further action.

Regards,

Wael Al Hanbali

Subject : Approval on Prequalification for Fire Fighting Works Subcontractor Submittal
Ref No. AF176-MEC-SUB-001_Rev.00

Dear Sir,

With reference to the above subject / project, to your subcontractor submittal No. AF176-MEC-SUB-001_Rev00 dated 17 March 2019 along with prequalification documents of Fire Fighting works subcontractor M/s Starco Electrical & Sanitary Works L.L.C for subject works in the project and further to our review, please be informed that the status of this submittal is **"Approved with Comments"**, subject to the following comments:

1. Commitment to Tender Documents and Local Authorities requirements is strictly required.
2. All staff and manpower to be utilized for executing the works at site should be under its sponsorship, illegal manpower is not accepted at all.
3. Supply, erecting, testing, commissioning and handing over of the items under the scope of works should be carried out in accordance with the project specification, drawings conditions.
4. Certificate of origin for the supplied materials and equipment has to be provided to the project Engineer upon delivery of the goods to the site.
5. Commitment to official completion date of the project.
6. Warranty certificates as requested in the projects documents have to be presented to the Engineer for all installed equipment for the date of handing over of the project.
7. NFPA & other governing standards UAE Fire and Life Safety Code requirements must be all the time taken into considerations.
8. Comply with all latest rules and regulation of Abu Dhabi civil defense, in case of failure to follow the same, contractor will be responsible for the same.
9. Contractor to ensure that proposed subcontractor having all licenses and approvals required by local authorities.
10. Main contractor will be fully responsible for the performance of proposed subcontractor.

11. Submit a written confirmation that he will act and comply in full conformity with the contract and main contractor's program.
12. Subcontractor will not be allowed to use or propose any material out of vendor list.
13. Subject to satisfactory approval of material, shop drawings and method statements.

This is for your information and necessary action.

Sincerely,

 21.05.2019

Muhammad Nouman
Project Manager

Subject: **Contract No. 2107-263**
Contract Title: Construction of Zayed Port Cruise Terminal-2
Prequalification for Fire Fighting System (M/S Starco Electrical and Sanitary Works LLC)

Dear Mr. Mohsin,

We have reviewed prequalification of proposed subcontractor M/s Starco Electrical and Sanitary Works LLC and found **Acceptable** for Fire Fighting works. Contractor shall however fulfill following requirements as part of this approval:

- 1) Submit detailed Scope of work for proposed subcontractor
- 2) As agreed during review meeting, submit Site based dedicated project Organization Chart with Key personnel having demonstrated experience in similar projects
- 3) All detailed design related to Scope of Work shall be executed by subcontractor in house Engineering Team.
- 4) Any outsourcing or Specialist sub-contractor shall be subject in prior approval of Client Consultant/AD ports.
- 5) Submit proposed Plant and Equipment list

Yours faithfully,
